

# CARING FOR YOUR FURNITURE

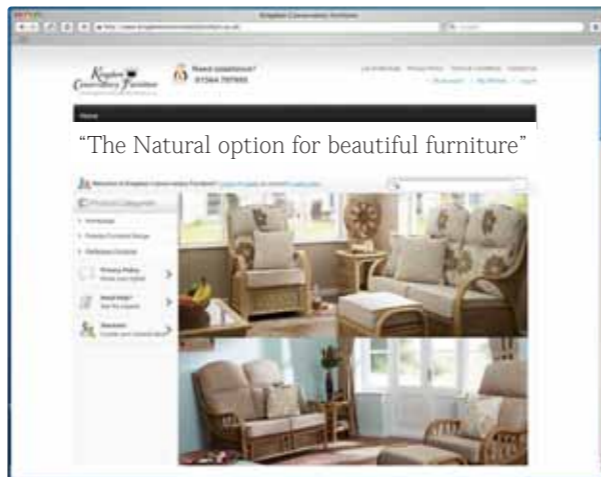

**Please follow these few easy steps to help maintain your furniture and keep it looking as good as new.**

1. Dust the furniture frames and vacuum the woven areas with a soft brush attachment.
2. To rejuvenate areas of Rattan that are faded or scuffed please apply a proprietary brand of stain or polish using a soft cloth.
3. Do not place any hot objects, such as coffee or tea pots directly onto table surfaces.
4. To prolong the appearance of your furniture we recommend the use of blinds, particularly in South facing conservatories and rotate all cushions on a regular basis.
5. We would advise that where our furniture is used in conjunction with any wooden laminate flooring, that felt pads are fixed to all contact areas.
6. Cane is a natural sustainable product which is grown in the rain forests of South East Asia. Shade variations and finish may differ throughout each item. The characteristics are a unique feature of Cane & Rattan which enhance the overall appearance of these products.
7. Only specialist Dry Clean covers.

Please visit our web site where you can see all of our products and fabrics. You will be able to see the fabric of your choice in large picture formats as well as more of the products we produce.

The colours of the products are subject to the reproduction and printing processes and may vary slightly. We recommend that you view the actual item. Please note, due to our on-going design improvement programme, products may differ slightly to those photographed. Please consult your retailer for further information. All measurements are approximate and may vary slightly due to the nature of this hand made product.

## MIX & MATCH UPHOLSTERY & SCATTER CUSHIONS

***“You can easily make your furniture fit your style & budget”***

Our entry model the ‘Upton suite’ is available in a choice of five beautifully selected ‘Deluxe\*’ upholstery cushion options. *(See page 18)*

All of our other suites come with a choice of the same five ‘Deluxe\*’ upholstery cushion options *(See page 18)*. In addition, a further six ‘Premier’ upholstery cushion options *(See page 17)* are available which benefit from being fully piped and reversible, to show either a plain fabric or patterned contrasting design for you to choose from at just a turn of a cushion. This enables you the choice of several options to enjoy your beautiful furniture. Ask your retailer to show you our contrasting sample fabric swatch.

All of our upholstery cushion covers are fully removable for dry cleaning. Replacement covers are available on request. As an additional option to further compliment your furniture, why not purchase from our range of specially selected co-ordinating scatter cushions? *(See pages 19 & 20)*.

Cleaning & caring for your furniture instructions are printed on the back page of this brochure.

***“The Natural Option for Beautiful Furniture”***

Natural cane furniture has long been the preferred choice for conservatories & orangeries since Victorian times. Its construction, together with the nature of this natural raw material, makes it ideal for the humid conditions found in the UK’s garden rooms.

All of the Cane and Rattan, used in the construction of our furniture has been harvested throughout Indonesia and monitored by their government’s strict and controlled regulations. The effective farming of this product requires a healthy forest environment for it to successfully grow, therefore, forest conservation is high on their agenda!

All of these products fully conform to stringent British Standard requirements; all of the cushions are manufactured in the UK, using specially selected fabrics from top European design houses.

Kingdom Conservatory Furniture, insist, on only working with the finest factories throughout the Far East to bring you a quality product, at truly affordable prices. Every effort is made to ensure that both ethical and quality standards are adhered to, from the selection of raw materials, right through to insuring that fair trading with all the factories that we work with are implemented throughout.

Our aim is to produce a product that we are truly proud of, at an affordable price and that you will enjoy for many years to come.
