

NEW INSTALLING MANUAL FOR ALU.FOLDING GAZEBO

Step One:

Take your Pop-up canopy frame out of the bag and place it in the center of the set-up area. Have your partner get on the opposite corner of the frame.

Step Two:

Pull the canopy over the frame and line up the corners.

Step three:

Grabbing the center bracket and pull apart as shown until the frame is almost completely extended.

Step four:

Made sure the legs are straight. Push on the corners until they lock into place. Take care not to pinch your hands or fingers.

Step five:

Velcro the canopy to the frame, then extends the legs until they lock into place at the desire height.

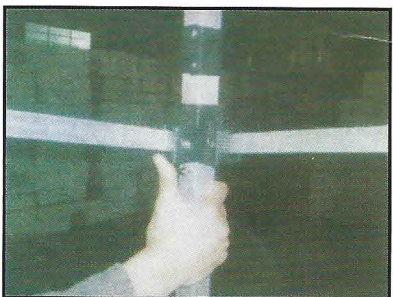

Step six:

Clip the corners of the canopy to the feet of the frame and enjoy.

P.S:

Do not use in an thunderstorm or when there is lightning.

Take down and Storage:

First push in the locking button on all four corners of the frame and slide the breaket down. The canopy should then easily collapse and can be returned to the bag for storage. Always make sure your Pop-up Canopy is completely dry before storing to avoid mildew.
